AREA DESCRIPTION

The furniture layout of the Theater Room not only screams, “Come and watch a great film!” but serves as a dynamic space to entertain and engage in conversation with company. The color palette is that of warm browns that grounds the space and makes it feel cozy, layered with soft velvety red that boasts theatrics and grandeur, with touches of gold that illuminate the space and add a bit of sparkle and pizzazz.

PAINT COLORS

Benjamin Moore—walls: Kona AF-165, ceiling: Fools Gold PT-250
